Friendly reminder that Gavin Newsom is Nancy Pelosi's nephew and the Democratic party controls California through foreign money, heavy taxes and electoral fraud. You'll never get enough signatures because the Democratic party owns the 9th Corcuit court and will DEMAND Signature Verification until just enough people have been removed from the petition to overthrow it. If somehow, this recall effort gets past the petition stage, they will push back the special election to keep people from voting, bury this story in the news and use their army of dead and illegal voters to keep him in office.

Long story short, this effort is completely fucked. Conservatives will do nothing about it and wignats are white nigger pieces of shit who will gladly bend over for the Democratic party and take it up the ass only to deny getting off to taking it like a dirty whore like the closet faggots they are. Nothing will change, because Gavin Newsom has the full force of the Democratic Party behind him especially since he's Nancy's nephew.
